

Who we are

College Ave Student Loans is a private loan provider completely focused on helping students, graduates, and their families finance higher education. We are a next-generation company, bringing innovative solutions to the student loan industry. We offer undergraduate, graduate, and parent loan options through our best-in-class online experience and the most consumer-friendly loan options. Student loans are all we do, and we are committed to providing a simple, clear, and personalized customer experience for students, families, and schools.

What makes us different

We promote responsible borrowing through powerful online tools that ensure awareness of monthly payment amounts and total loan cost under various repayment and length-of-loan options, as well as a pre-qualification option to determine eligibility without impacting credit.

Our loans offer more repayment choice through a wide array of repayment plans and length-of-loan options, so students can select a plan that best fits their financial goals.

We make it easier to apply using a streamlined online application that takes just three minutes to complete, is fully compliant, offers an instant credit decision, and is formatted for smart phones and tablets.

We offer the features of a large company and the personalized service of a small company through a wide range of products and features, enhanced technology, preferred school process support, and a customer-focused philosophy.
